U. S. ARMY RESERVE TO BE CALLED SOON

Washington, July 6.—The War Department announced to-night that it would soon call out the regular army reserve to fill up the ranks of the new organizations provided by the army reorganiza-

The call will affect between 4,000 and 5,000 men, being applicable only to those discharged from the service on furlough since November 1, 1915. The purpose is not only to provide new regiments at once, but to furnish a working test of the reserve provision of the law.

Reports of the recent tragedies have aroused the Jersey Coast. Members of the Common Council of Spring Lake had an informal meeting last night to verify the attacks or disprove them beyond the possibility of a doubt. So strong is the evidence that Bruder's death could have been caused only by a shark, that already members of the Common Council are considering measures to frighten away the raiders.

### ALLIED FORCES STRIKE WITH ALTERNATE BLOWS

Somme Drive Halts While Russians Increase Fury of Attack-Petrograd Claims Teuton Loss of 500,000.

[By Cable to The Tribune ]

London, July 6 .- Not in France, but on the East front, the fourth great blow of the Allied offensive began to develop to-day. While progress of the Anglo-French drive has been halted

to allow the artillery to batter down the next German lines, the Russians have made another tremendous thrust at the Austro-German lines. Vienna admits to-day . five-mile retreat on the Kolomea-Delatyn road, while the Russians have taken 13,000 additional prisoners, 5,000 of whom were captured on the

Thus the strategy evolved at the Allied conference in London and Paris is becoming increasingly apparent. General Joffre's order of the day to the troops defending Verdun, made public to-day, discloses clearly the plan for alternate blows on the Teuton anvil. At all points now the initiative is clearly in the hands of the Allies.
